SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 2	Level 1	Level 1	Level 1

Medical and Health Coordination Center Activation

On 01/13/17 at 0806 hours the California State Warning Center (CSWC) was notified that :

- The California Department of Public Health (CDPH) and Emergency Medical Services Authority (EMSA) activated the Medical and Health Coordination Center (MHCC) at Level 1 (low) in response to Influenza today,01/13/17.
- The MHCC is co-activated for both Zika virus and Influenza with operational hours of 800 to 1700 Monday – Friday, excluding holidays, until further notice.
- Operational areas should follow the guidelines and procedures in the Emergency Operations Manual (EOM) for all situation reporting and resource requests.
- The MHCC email address for situation reports and resource requests is MHCCSITREPS&ResourceRequests@cdph.ca.gov.

Cal OES COASTAL REGION

- See 2017 Statewide January Winter Storms Slides

SITUATION SUMMARY

Cal OES INLAND REGION

Friant Dam, Flow Reduction, Friant, Fresno County (New / Final)

- On 01/12/17 at 1632 hours, the California State Warning Center (CSWC) was advised that Friant Dam was reducing flow from 6,000 cfs to 4,000 cfs due to an increase in tributary flow.
- The CSWC conducted all appropriate notifications per Standard Operating Procedure (SOP).

Rock Creek Dam Incident, Auburn, Placer County (Final)

- On 01/10/17 at 2142 hours, the Pacific Gas and Electric (PG&E) reported that an uncontrolled overflow of the Rock Creek Dam has occurred due to recent flood waters due to the lake reaching capacity.
- The California State Warning Center (CSWC) conducted all appropriate notifications per Standard Operating Procedure (SOP). There is currently no threat to the public. The Sheriff's Department would be the final authority to make a decision on whether or not to perform precautionary evacuations due to the proximity of structures to the dam.
- Per Department of Water Resources (DWR), at 1206 hours on 01/11/17:
 - The Dam peaked at 229 cfs. and stopped spilling at 0524 hours on 01/11/17.
 - The outlet is open with 85 cfs. currently and no evacuations were needed.
- See 2017 Statewide January Winter Storms Slides

SITUATION SUMMARY

Cal OES SOUTHERN REGION

El Segundo, Los Angeles, Los Angeles County, Spill: 17-0401 (New / Final)

On 01/12/17 at 1521 hours, the California State Warning Center (CSWC) was advised by the El Segundo Fire Department (FD) that railcars derailed on their sides in El Segundo, Los Angeles County.

- The railcars contain Liquid Petroleum Gas. There has been no release of hazardous materials at this time.
- Per the Cal OES Southern Region Duty Officer (SDO):
 - The Metro Green Line has resumed service
- The Cal OES Fire Duty Officer (FDO):
 - There was a slow derailment due to ground saturation and the tracks sinking.
 - There are no leaks of any Hazardous Materials, Los Angeles County Haz-Mat 105 was dispatched, but has been released from the incident at this time.
- The Cal OES Law Duty Officer (LDO) advised that per Los Angeles County there were no evacuations.
- The Cal OES Duty Officers will continue to monitor the situation.
- Per U.S. Coast Guard as of 0229 hours, 01/13/17:
 - The 3 railcars that derailed onto their sides and 1 car that derailed upright have been inspected and verified intact
 - It has been confirmed that that is no suspected leaks or discharge
 - El Segundo Fire Department has cleared the scene
- The CSWC has made notifications according to Standard Operating Procedures (SOP).
- See 2017 Statewide January Winter Storms Slides

SITUATION SUMMARY

2017 Statewide January Winter Storms

Deployments

- 1 Cal OES Representative deployed to Department of Water Resource's (DWR) Flood Operations Center (FOC).

Activations

- The State Operations Center (SOC) is activated at Level 2.

State/Federal Agency Preparatory Activities

Cal OES Law Branch

- Cal OES Law Branch Assistant Chiefs are working with their Regional Mutual Aid Coordinators (RMACS) and each County Sheriff's Department to gain situational awareness and monitor activity throughout the regions. Regular check-ins with RMACs will be conducted to monitor the impacts from the storms. Assistant Chiefs are participating in numerous conference calls Statewide to share and gain situational awareness.

State Parks

- California State Parks has notified their Public Safety Superintendents in all Districts advising them to continue to take precautions for storm preparation, as well as staffing accordingly and advising park visitors via typical communication methods.

California Nevada River Forecast Center

- The California Nevada River Forecast Center (CNRFC) are at normal business hours and will continue to issue hydrologic forecasts.
- Briefings will continue today at until 1000 hours and will resume on 01/17/17.

Department of Water Resources

- The Department of Water Resources (DWR) Flood Operations Center (FOC) is activated with 24-hour operations.

Missions

2017-Cal OES – 29200 – State Agency Representatives in the State Operations Center (SOC)

SITUATION SUMMARY

2017 Statewide January Winter Storms

Cal OES Coastal Region

The Cal OES Coastal Duty Officer (CDO) advised that Cal OES Coastal Region will continue to monitor activity throughout the region.

- All activated OAs are submitting their situation reports in Cal EOC under 2017 Coastal Region January Storms.

Activations

- California Highway Patrol (CHP) Golden Gate Division has activated their Emergency Operations Center (EOC) on a limited basis.
- Caltrans/CHP District 4 through their Traffic Operations Center continues to monitor all traffic and weather throughout 12 Bay Area Counties.
- Hoopa Valley Tribe EOC
- [Monterey County EOC has deactivated](#)
- [San Benito EOC](#)
- [Santa Cruz County EOC has resumed Level 1 activation](#)
- Sonoma County EOC

Proclamations

- Monterey County:
 - On 01/09/17 at 1503 hours, the California State Warning Center (CSWC) received two Proclamations from Monterey County due to the January winter storms. There are no requests for state assistance.
 - On 01/11/17 at 1425 hours the CSWC received two Ratified Proclamations from Monterey County. There are no requests for state assistance.
 - [On 01/12/17 at 1410 hours the CSWC received a Proclamation from Monterey County declaring a local emergency due to the 2017 January Winter Storms. There are no requests for state assistance.](#)
- Santa Clara County:
 - On 01/08/17 at 2137 hours, the CSWC received a Proclamation from The City of Gilroy declaring a local emergency due to the 2017 Statewide January Winter Storms. There are no requests for state assistance.
- Sonoma County:
 - On 01/08/17 at 1648 hours, the CSWC received a Proclamation from Sonoma County declaring an emergency due to the 2017 Statewide January Winter Storms. There are no requests for state assistance.

SITUATION SUMMARY

2017 Statewide January Winter Storms

Cal OES Coastal Region (Continued)

Proclamations

- Hoopa Valley Tribe
 - On 01/08/17 at 1609 hours, the CSWC received a Proclamation from the Hoopa Valley Tribal Council. The Hoopa tribe's emergency proclamation is not requesting State assistance or resources; however, they are working with Humboldt County and FEMA in addressing drinking water issues noted in their proclamation.
- Santa Cruz County
 - On 01/10/17 at 1910 hours, the CSWC received a Proclamation from Santa Cruz County due to the January Winter Storms. The County is requesting that a copy of the Proclamation be forwarded to the Director of Cal OES, forwarded to the Governor, and that he issue a Proclamation declaring an emergency in Santa Cruz County; and that Governor request a presidential declaration and both State and Federal funding assistance.
- City of Benicia, Solano County
 - On 01/10/17 at 2330 hours, the CSWC received a Proclamation from the City of Benicia due to the January Winter Storms. In preservation of life safety, the City has ordered the closure of access to selected local roads. There are no requests for state assistance.
- San Benito County
 - On 01/12/17 at 2217 hours, the CSWC received a Proclamation from San Benito County due to the January Winter Storms. The County has requested a Governor's Proclamation as well as funding assistance through the California Disaster Assistance Act (CDAA).

Deployments

- 2 Cal OES Emergency Services Coordinators (ESC) are deployed within the Region as Cal OES Agency Representatives.
- 1 Cal OES Southern Region ESC has deployed to San Benito County as an Agency Representative.

Critical Infrastructure

- Lake County is coordinating pumper trucks for waste water transportation.

Transportation

- Caltrans has implemented a 24 hour staffing pattern with 0600 to 1800 and 1800 to 0600 shifts in affected counties.
 - Caltrans activated their Department Operations Center (DOC) at Level 1.
- CHP Golden Gate Division reports they will be monitoring roadways, hazards and will be in communication with Caltrans

SITUATION SUMMARY

2017 Statewide January Winter Storms

Cal OES Coastal Region (Continued)

Shelters

- San Benito County:
 - Veterans Memorial Building, 649 San Benito St, Hollister.
 - Midnight Count: 0
- Sonoma County:
 - Santa Rosa Veterans Memorial Building, 1351 Maple Ave. Santa Rosa. (Evacuation Center)
 - Midnight Count: 12

Mission Tasking

- 2017 – CREOC - 29449 – Two high clearance vehicles to assist with evacuations.
- 2017 – CREOC - 29453 – One agency representative from CNG to accompany the high clearance vehicles.

River Forecast - The following rivers are forecast to meet or exceed monitor stage:

- Solano County : Sacramento River at Rio Vista

WEATHER OF CONCERN

Weather of Concern

- A low pressure system over Central California will slowly move southeast today into Southern California bringing scattered rain and mountain snow showers.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER SYNOPSIS BY REGION

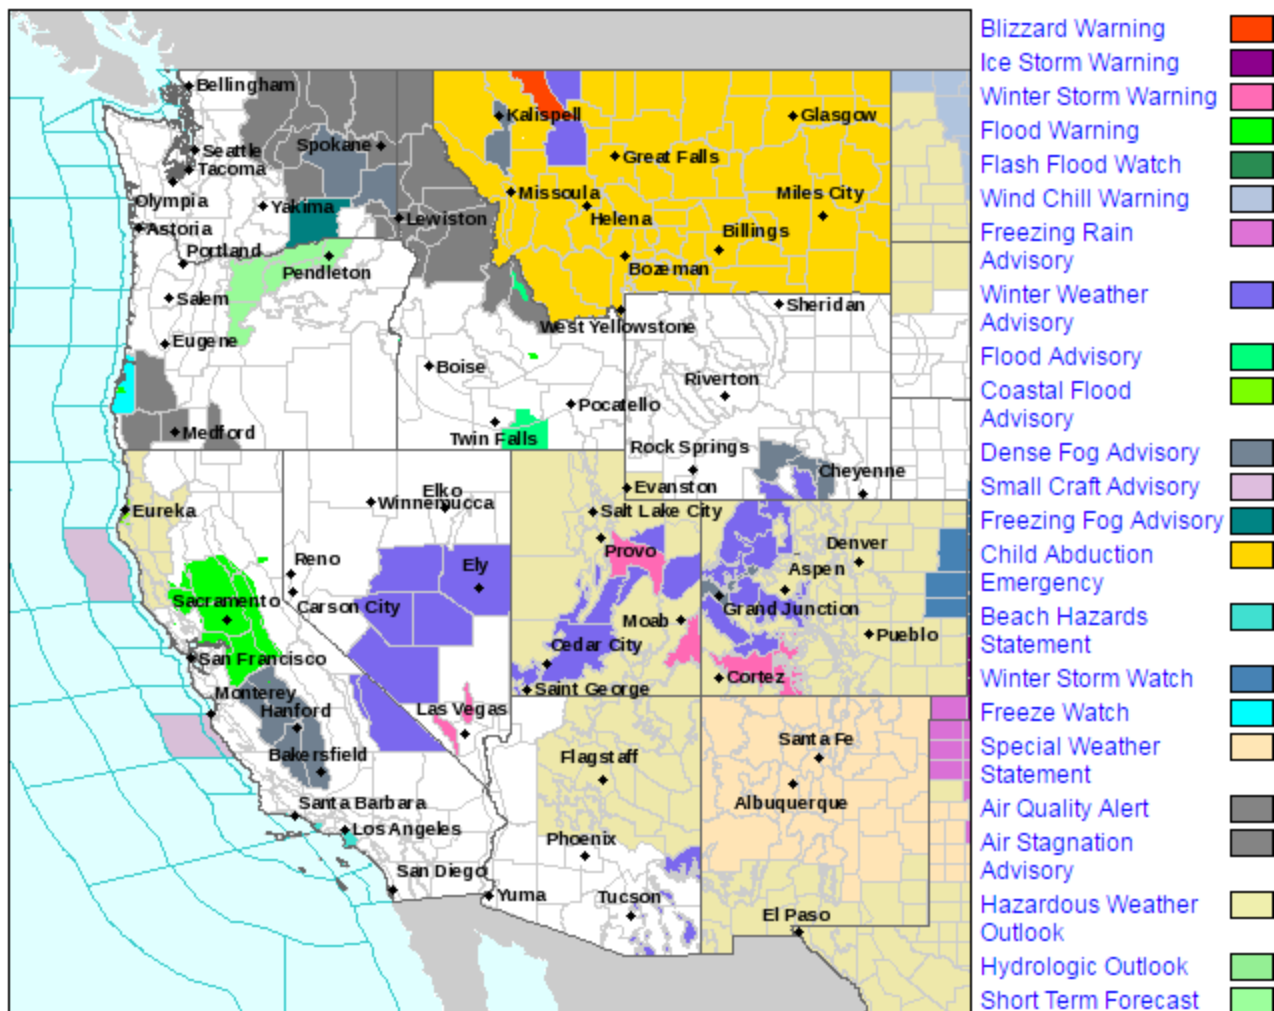

NORTHERN CALIFORNIA

Dry weather is expected through Monday as high pressure moves over the region. North to Northeast surface winds in the northern Sacramento Valley and nearby foothills will produce clear, dry, and warmer conditions, while the southern Sacramento Valley and many other basins and canyons will have patchy dense fog. In some locations the dense fog will persist around the clock. The exception to this pattern will be Saturday night when a weak disturbance moving southward near the coast briefly interrupts the high pressure and produces variable cloudiness across the region and even a few light showers in the coastal range. On Tuesday the first in the next series of wet Pacific storm systems will reach the coast with light to moderate rain and gusty Southeast to Southwest winds. Snow levels will be 5000-7000 feet Tuesday night and Wednesday as heavier precipitation and strong gusty winds spread throughout the region. Snow levels will fall by 2000 feet or so on Thursday as colder air moves in. Wet unsettled weather is expected to continue on and off for several days beyond that.

SOUTHERN CALIFORNIA

The low pressure area which brought heavy rain and snow to the district yesterday is currently located just south of Point Conception. This low will slowly drop southward through the day which will lead to decreasing cloudiness over the central part of the state. There will still be some showers, mainly this morning, across San Diego County and Cleveland National Forest as well as the deserts south of I-15. Some afternoon showers may also develop on the north sides of the Angeles and San Bernardino National Forest during the afternoon hours. Additional precipitation amounts today will be under a quarter inch. Temperatures this afternoon will be cool with highs in the 30s in the mountains to the upper 50s across lower elevations. Late tonight into Saturday, northeast winds of 15-25 mph with occasionally higher gusts will be possible over Southern California. Temperatures will be 3-5 degrees warmer Saturday with skies turning mostly sunny. A weak disturbance is expected to quickly drop southward, which will lead to an increase in clouds and temperatures turning a bit cooler Sunday. Early next week, a ridge is expected to build over the southern half of the state, leading to a slow warming trend. Look for highs to return to near normal readings by Tuesday and Wednesday with sunny skies and light winds overall. Another significant storm system may take aim at the state Wednesday evening into Thursday. At this time, widespread rainfall in excess of 1-2" inches appears likely with this system. A weak system may quickly follow next Friday. Drier weather may return to the region by next Sunday.
